## Books to Celebrate Earth Month for Adults/Upper School

### Fuzz

By: Mary Roach

"Combining little-known forensic science and conservation genetics with a motley cast of laser scarecrows, langur impersonators, and trespassing squirrels, Roach reveals as much about humanity as about nature's lawbreakers. When it comes to problem wildlife, she finds, humans are more often the problem--and the solution. Fascinating, witty, and humane, Fuzz offers hope for compassionate coexistence in our ever-expanding human habitat." -Read more [here](#)

### This Changes Everything

By: Naomi Klein

"The most important book yet from the author of the international bestseller The Shock Doctrine, a brilliant explanation of why the climate crisis challenges us to abandon the core "free market" ideology of our time, restructure the global economy."
